

Communities for Change

Saturday 12th September 2009
10am—4pm

Manchester Metropolitan University
Didsbury Campus, Wilmslow Road,
Manchester M20 2RR

Communities for Change ♡

This inspiring event is for grassroots community groups taking action on sustainability from Greater Manchester and beyond.

It's a chance to meet other organisations, be inspired by stories of environmental change and learn from other people. Amazing projects in which people and communities work together, featuring everything from bikes, to food, solar panels and allotments.

Featuring—

Films, open space discussion, food, art, music, Transition Journeys and your group!

Learn from others - share experiences - create a greener picture for your town or city.

Including exhibits from 'Transition Journeys'—
A project linking groups within Greater Manchester in re-imagining our city.

Tameside, Stockport, Wigan, Bolton, Manchester - let us know if you want to run one yourself.

Places for 50 community groups are available for this event, it's free but booking is essential.
