# Conflict & tensions

An aerial, high-angle view of a futuristic city, likely New York City, with a dense grid of skyscrapers. The scene is set during a bright, hazy day with a large sun in the upper left, casting a glow over the city. In the background, a prominent cable-stayed bridge with a tall pylon is visible. The sky is filled with numerous flying cars, some of which are blurred to indicate motion. The overall atmosphere is one of advanced urban development and transportation.
